Acknowledgment of Understanding on the Limitation of Radio Modules with **Limited Modular Approval**

It is acknowledged and understood by API Healthcare Corporation that with Limited Modular Approval for FCC ID: W7N-PROXHI01, this module will be limited for use only within API Healthcare devices.

API Healthcare is also fully responsible for each configuration this module installed within.

Additionally, as this module is introduced within other API devices, the Transmitter Spurious Emissions for each host device will be tested to ensure each complies with the FCC limits

A handwritten signature in black ink, appearing to read "Gary C. Sutcliffe".
